Sub –Gurvinder Singh visa application

Dear officer,

I am writing this letter in support of the visa application of **Gurvinder Singh**. I am the Director of Fabril Solutions Ltd at 3/1A Prangley Avenue, Auckland.

Fabril Solutions was incorporated in the year 2016, At Fabril Solutions we strive to provide quality services to Kiwi homes and businesses throughout New Zealand. We are a Fibre Optic Solution provider – doing the installations and managing the jobs. The company is locally owned and operated which started its operations in the Fibre Single Dwelling Units “SDU” provisioning service and then extended its business in allied projects like Multi Dwelling Units “MDU” and Civil. The company has a strong presence in Auckland, Napier, and Palmerston north Christchurch with over 20 employees.

Since, we recently got the contract with Universal Communications Group (UCG), that is on-going and the contract end date will be approximately for 5 years. We have a total of 17 vans operating currently which requires manpower and we are the subcontractors for Vision stream from the past two years and it's on going as well. I am attaching the recently signed contract with UCG for your reference. As we got large volume of work from Vision stream & UCG, we need to hire Gurvinder Singh as one of the Technician because of all his competencies. If you further do require any of the docs regarding Gurvinder Singh application please feel free to contact me on 02040577777 or email me at admin@fabrilsolutions.co.nz

Also, as of now we are not hiring any more applicants may be in future for another 6 months if any vacancies at all.

Kind regards,
SID DOMA
DIRECTOR
FABRIL SOLUTIONS LIMITED
