The purpose of the Passport is to provide individual training and competency records. All personnel engaged by Visionstream or working on a Visionstream project or contracted activity are expected to be suitably trained and competent for the tasks they are performing.

To determine your training and competency requirements please select from the role description list in the centrefold of the Passport. Your mandatory requirements are specified in this table. An individual can have more than one role description.

The passport also serves as your Visionstream ID. Please ensure it is kept onsite at all times and presented upon request.
